THE PRICE CENTER

ONE PETAL AT A TIME:

Help us to reimagine The Price Center.

As we redefine our programs, refresh our spaces and continue to reinforce our mission of empowering individuals with intellectual and developmental disabilities thrive in their living, social and work communities, we seek your support.

We are not hosting a live fundraising event this year. Instead, we hope you will celebrate The Price Center and help us to refine our programs to meet the current needs of our individuals and families.

Our operating budget has been greatly impacted over the past year. The Price Center raises 87% of its revenue from state funding, based on a mandated rate for the support of each participant. These funds do not fully cover the true cost for each individual, so philanthropy needs to fill that gap.

Over the past year, our service-delivery became a hybrid model, therefore greatly reducing our reimbursement rates. This requires a strategic focus to diversify and expand fundraising.

One Petal at a Time

Despite reopening our doors recently, only about one-third of over 200 of our individuals have returned to onsite programming while the remainder are opting to participate remotely.

Your support is crucial this year as we begin to rebuild and redesign our programs and services to secure the future of The Price Center. Thank you to our community of supporters and your investment in our future.
